### ***Science Fair INFO...***

Science Fair is coming around the corner and will be here before you know it. This year's science fair will be held on April 1st and we are in need for judges. You don't have to be a scientist, but just have an interest in science and want to help our kids.

Your day would be from 9:00 am until lunch (which will be provided) and I can guarantee you will have a great time! Please consider helping out as we will need about 15-20 judges for the event. The kids will have worked very hard on their projects and we want to recognize as many as possible. If this sounds like it may be something that would interest you, please call or email Liz Longshore

Thanks for all that you do.
