Membership

The goals of Bacon Elementary School PTA are to encourage and facilitate parental involvement in our school, to build a sense of school community, and to provide a supportive teacher/parent relationship. We seek ways to enhance and assist in the education of our children by providing financial and logistical support for many activities. Be a part of PTA! Membership cost is only \$10 per adult or \$17 for family membership and you get a FREE directory! PTA welcomes enrollment but you do not have to be a member to participate in any PTA activity, or to volunteer at Bacon. PTA dues support the state and national PTA. PTA meetings are held monthly at the school.

Every year through your support the Bacon PTA ensures that the teachers have the additional resources and financial support to create the best possible experience for our students. To continue to provide enrichment programs and an enhanced learning environment we need your support. Through the Bacon PTA fundraising efforts we are able to support our children with the following program: Carnival, Field Trips, Science Fair, Book Fair, Boo Hoo Breakfast, Lego Club, Field Day, Chess Club, Yearbook and many more.

Directory

Each year the Bacon PTA publishes a directory of families in the school. The directory is a school “phone book” with an alphabetical listing of families, including parents’ names, child’s name, addresses, phone numbers and e-mail addresses. Also included is a class listing by teacher, including child’s name, address and phone number. It is an invaluable resource for parents and students and is only distributed to Bacon families and staff. The Bacon PTA is offering one free directory per family with PTA membership. If you are not a PTA member or you wish to order additional directories the cost is \$4 each. Everyone is encouraged to list their contact information in the directory regardless of whether you join the PTA. Your kids will have the directory dog-eared in no time! Because of strict confidentiality and privacy rules, your child **WILL NOT** be listed in the directory unless you give your written permission.
